Written Testimony

I support Bill 64 to expedite the building permit process. In addition, I would like to see that the bill be amended to include multi-family residential buildings as well as single family homes. There are so many condos in Honolulu that face the same and sometimes even more challenges due to building permit delays. Thank you.

Written
Testimony

Dear Chair Martin, Vice Chair Pine, and members of the Council,
Subject: Testimony on Bill No. 64, RELATING TO BUILDING PERMITS

As someone who does a lot of remodeling, obtaining a building permit should be an ordinary function of business and scheduling BUT Oh No, not in Honolulu.

Now permits are taking as long as a year which is just not realistic reflecting a failure in government. Bill 64 should include all multi-family residential buildings or all residential buildings.

In other states I've worked, the waiting time for a permit is at most 30 days.

What is happening in Honolulu is unforgivable; hampers small business; leaving workers out of jobs. Please pass and approve Bill 64 so any and all construction work permits enable an environment of organization, approval or privatize the permitting process. There is no just no excuse.

Pass Bill 64.

Sincerely,
Tommie Masuda

Please add multifamily residential buildings to this Bill 64 Relating to Building Permits.
If repairs are necessary in a multifamily residential building, we need the City to act expeditiously.
I agree with the testimony presented by the Hawaii Council of Associations of Apartment Owners, or HCCA. Thank you.

Re: Bill 64
Respectfully ask that Bill 64 be amended to include multifamily residential building as well as single family homes. As mentioned in newspaper and media the building permit time in many cases exceeds one year or more. With the extra burden of the ordinance 18-14 the bill needs to include ALL homeowners (AOAO's) who apply for permits.

I am in favor of this bill. Our receptionist just waited 8 months for a simple remodeling permit. We need more housing on the island yet there are hundreds of permits not being released. Please pass this bill so property taxes will be collected on more completed homes, so workers will be employed and more citizens housed.
