Written Testimony

Bill 2, pp. 7-8, describes exactly about heights of 400-450 ft becoming a law in areas of TOD development. That's 40-45 stories buildings for renters and condotels according to Kris Hui. Besides undesirable height changes affecting viewplanes, how about the FACT that aging infrastructure, greatly increased density and congestion, and sea level rise reaching the shopping Center in less than a decade with king tides will make this stupid law one only the devil would pass. City Council, don't let the wording of Bill 2 take away the meaning of what is happening here, please! RESIST THE GREED OF THOSE WHO WANT TO CREATE A HELL FOR ALL TO DEAL WITH. The developer will build it, sell it, and move on. PLEASE DO NOT ALLOW THIS OR RAIL TO COME TO ALA MOANA CENTER!
