January 13, 1954

Honorable John H. Wilson
Mayor, City and County of Honolulu
Honolulu, T. H.

Dear Sir:

The Public Prosecutor submits the following report for the year 1953 in compliance with the provisions of Section 6652, Revised Laws of Hawaii, 1945, which require that an official activity report be submitted annually by each municipal department.

We are pleased to report that although the First Judicial Circuit still lacked the services of two full-time criminal judges, nevertheless Judge Carrick H. Buck and Judge Albert M. Felix, along with other assignments to take care of, were able to dispose of the largest number of criminal cases in history--1517. Six cases were disposed of in the Supreme Court of the Territory of Hawaii and six cases in the Ninth Circuit Court of Appeals in San Francisco. Our backlog of First Circuit cases was reduced from approximately 700 to 393 pending cases. We feel confident that if we are granted the services of two full-time judges, we would be able to dispose of our backlog of cases.

There was a marked increase in armed robbery cases in 1953, but efficient police detection and immediate and successful prosecution, followed by stringent sentencing by the courts, has effectively reduced the number of new offenses in this crime category.

During the year an assistant prosecutor was sent by the City to Northwestern University for a short course relating to prosecuting. The benefits derived by the course have been of great value to our office in the processing and prosecution of criminal cases.

Feb. 1954

In September 1953, a new assistant prosecutor was appointed and immediately assigned to handle rent control violations at a time when there was a serious backlog of cases, the constitutionality of rent control was under a severe test, and the usefulness of its regulations criticized because they were not effectively enforced. However, within the short space of four months, the assigned prosecutor was able to handle the current calendar and dispose of the backlog of pending cases, resulting in a more rigid enforcement of rent control violations.

The splendid effort on the part of our District Court staff is one of pride to this office and is evidenced by the fact that they took part in the efficient handling and processing of approximately 86,466 cases in all the District Courts of the City and County of Honolulu.

A concentrated effort instituted by this office in 1953 resulted in reducing the backlog in welfare fraud cases and to bring swift and effective prosecution to curtail ever-increasing violations. The immediate results were gratifying, for not only were the number of pending cases greatly reduced, but new violations declined in number.

A policy of closer mutual cooperation between this office and legal departments of the Armed Forces in the City and County produced an effective prosecution of criminal cases of mutual interest to army, navy and civilian authorities.

During the 1953 session of the Territorial Legislature, the Prosecutor's office prepared and recommended seven items of legislation needed to strengthen our criminal statutes. Six of the seven items were adopted and passed into effective law by the Legislature. The new laws adopted strengthened laws relating to insanity, confidence games, theft, narcotics, removal of sand from government beaches, and the embezzlement of private and public moneys.

Our most pressing problem in 1954 is the trial and disposition of pending homicide cases. If there are no disruptions, all homicide cases pending at this time should be disposed of in 1954.

January 13, 1954

In concluding, we stress the fact that our office space at the City Hall is too limited to accommodate our entire Prosecutor's office staff at City Hall. We also need at least two additional investigators and an additional law clerk to round out our staff.

Respectfully,

ROBERT E. ST. SURE
Public Prosecutor

RESS:mk
