City Council
City and County of Honolulu
Honolulu, Hawaii

Subject: Bill 08 CD1

There are three kinds of personalities . #1. Regular people born and raised as an islander. #2. Those who talk a lot about Hawaiian issues and what should be done about it, yet are busy creating problems with no solutions. #3. People who are able to use their hearts to find solutions in dealing with those of differing backgrounds.

Thank you goes to council members who are #1, those who are #3., who are able to discuss the situation concerning the Royal Hawaiian Band Leader. Your past band leader put years of hard work into putting the Royal Hawaiian Band into being a top notch Royal Hawaiian Band. The Mayor has made a choice when picking his cabinet, and we need to be respectful of his ideas.

Rules and regulations need to be put in place so everyone can understand. Bill 08 needs to be approve and put into motion. In plain language put Bill 08 to work and see what happens. Good Luck to all of you in the Royal Hawaiian Band.
