Subject: Rate Commission

I do not know what the Rate Commission is doing but as a Handivan rider on a limited budget, it affects me tremendously. We don't get any notices. It's totally hit and miss whether we pick up on the fact that the Commission is schedulling a hearing/meeting and when, where, etc.If Possible, I wiouldlike to get a notice as a traditional commission woul be required to publish. However, I know the City doesn't want interested people to have notice. Please add me to your mailing list: Gregory. J. Swartz, 38 South Judd Street #4B honolulu, HI 96817. swartzg001@hawaii.rr.com.

Also, it is rather atypical to ask us to comment when the Commission doesn't give us a proposal to comment on.

I oppose aything but a modest/minor rate increase like 25 cents and not fares that go up year after year. I am happy many people are receiving large salary increases, but I'm retired on disability and neither EUTF nor Social Security give us a real COLA increase. Far from it.
