

**PETITION IN SUPPORT OF FUNDING FOR GEIGER COMMUNITY
PARK**

Although this petition was signed in 2001, it remains relevant today. While the bill number and councilmember have changed since then, an appropriation to complete the remaining improvements shown on the master plan for the Geiger Community Park is still very much needed.

We, the undersigned, strongly support Councilmember John DeSoto's request for an additional appropriation of \$2.6 million to be included in Bill 16 (2001), Relating to the City's Executive Capital Budget and Program for the Fiscal Year July 1, 2001 to June 30, 2002, for completion of the remaining improvements shown on the Master Plan for Geiger Community Park, Ewa. Improvements that need to be designed and constructed include basketball courts, tennis courts, volleyball courts, a recreation building, and a baseball backstop (which are in addition to the existing playground equipment and softball backstop, as well as a comfort station and parking lot that have already been funded).
