CITY CLERK
HONOLULU, HAWAII

Honorable Donovan Dela Cruz, Chair
And Members of the City Council
City Council
City and County of Honolulu
Honolulu Hale
Honolulu, Hawaii 96813

Dear Council Chair Dela Cruz and Members:

RE: Bill 13 (2004), CD2, FD1 Relating to the Executive Operating Budget and Program for the Fiscal Year 2005

In accordance with the provision of the Revised Charter of the City and County of Honolulu 1973 (2000 Ed.), as amended, and upon the advice of the Departments of Budget and Fiscal Services, Department of Facility Maintenance, Environmental Services, and the Corporation Counsel, I am vetoing certain portions of Bill 13 (2004), CD2, FD1 relating to the Executive Operating Budget and Program for the Fiscal Year 2005.

I. LINE-ITEM VETO

After serious consideration, I have decided to exercise the line-item veto authority. I am vetoing portions of the Bill that impose certain restrictions and conditions upon the use of funds appropriated because these restrictions and conditions are a violation of law, are unnecessary and are an intrusion into executive functions.

The specific portions that have been vetoed and my reasons therefore are set forth in the table attached (Attachment A) to this letter and incorporated herein, and portions vetoed have been stricken from the Bill.

II. MISPLACED PRIORITIES

In addition, the Bill contains priorities and unwise use of taxpayer monies. It cuts funding for essential positions and program operations, while it increases funds and adds provisos to earmark funding for nonessential programs. We have articulated our concerns at length, in the course of the Council's consideration of the legislation. Of concern are the following issues.

- A. Salary Cuts: The Mayor's Executive Operating Program and Budget for FY 2005 (Bill 13) that was submitted to the Council, cut \$27 million in funding for vacant positions.

Council cut another \$1.3 million in salary funds for essential positions to run City operations. Funding for positions needed to perform essential public services including financial and budget operations and reports, refuse collection, sewer system services, roadway repair and maintenance, golf course and auditoriums services, motor vehicle registration and licensing services, public communication services, design and construction services, and information technology help-desk and network communication support services was cut from the budget. The Executive Branch will be unable to fully perform essential services in these areas.

- B. HGEA pay raises: While the Bill was amended to include an amount of \$6.250 million for the HGEA pay raises in the Provision for Salary Adjustments and Accrued Vacation Pay activity, the appropriation was decreased in this same Salary Adjustments and Accrued Vacation Pay activity by \$0.635 million. The net result is an underfunding for salary adjustments, which includes HGEA pay raises.
- C. Hanauma Bay Revenues: The Bill deletes \$1,135,200 in revenues from the Hanauma Beach Park Concession from the General Fund, while it adds these revenues to the Hanauma Bay Nature Preserve Fund due to non-passage of Bill 19. Expenditure appropriations from the Hanauma Bay Nature Preserve Fund, however, are not commensurately increased. This action therefore creates a potentially unlawful surplus of revenues in the Hanauma Bay Nature Preserve Fund.
- D. Parking Meter Revenues: Parking fees for FY 2005 are increased by 50% via Council's adoption of Bill 41 (2004), CD1. However, the increased parking revenues provided in Bill 13 (2004), CD1, FD1 are overstated by \$568,000, based on the lag in revenue collection due to the start-up time necessary to implement the rate change.
- E. Refuse Collection and Disposal Charges: Council's action to delay the increase in tip fees for "Disposal Charges", "Tip Fees-Private Direct" and "Tip Fees-Other" until January 2005 results in an additional \$1.8 million burden on the General Fund in FY 2005.
- F. Sale of City Housing Projects: Council's non-passage of Bills and resolutions to approve the sale of certain City properties results in missed opportunities for the City to reduce its debt by \$117,000,000, increase the Rainy Day Fund to \$33,000,000, and provide an opportunity for low and moderate income households to own their own homes.

Honorable Donovan Dela Cruz, Chair
June 18, 2004
Page Three

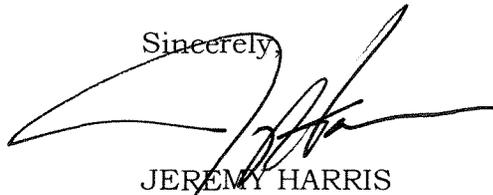

- G. Taxation of Agricultural Land: Bill 35 (2004), CD2 relating to the taxation of agricultural land will produce a reduction in real property tax revenues, resulting in a minimum potential loss of \$9.6 million.

As we explained earlier in our memorandum dated June 2, 2004 to the Budget Committee Chair (copy attached – Attachment B), if this Bill is adopted and Council does not restore this loss of revenue, the FY 2005 Operating Budget will be unbalanced, in violation of the Revised Charter of the City and County of Honolulu. I therefore ask you to file this Bill.

- H. Restructure of Wastewater Reimbursable Debt Service: The council's action to disallow the \$9.9 million restructuring of wastewater reimbursable debt service will result in a rate increase higher than otherwise necessary in the coming years. The practice of restructuring is consistent with Environmental Services long range financial plan. Restructuring has been approved by City Council for the past three years and is allowed by the council's own Debt and Financial Policies, Resolution No. 03-59, CD1, Exhibit A, Section III.I which states "Variable rate debt should be used only as a source of interim or construction financing, financing of equipment with a useful life of five years, and **short-term financing of debt service**. In the event variable rate debt is used to finance debt service, the variable rate debt shall be refunded as a part of the next long-term bond issuance." The objective of this practice and policy observed by the City Council over the past three years has been to keep fee increases at a minimum.

The approach I have taken to deal with the Council's flawed budget reflects I believe the most responsible course of action possible to lead the City out of this legal and fiscal dilemma.

Sincerely,

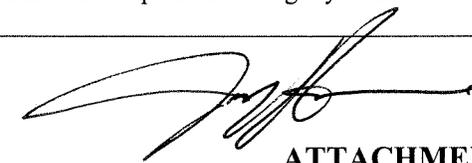

JEREMY HARRIS
Mayor

FUNCTION/PROGRAM AGENCY ACTIVITY	BILL 13 (2004), CD2, FD1, SECTION 14. PROVISO AMENDMENTS HEREBY VETOED	REASONS FOR VETO OF PROVISO
<p>GENERAL GOVERNMENT EXECUTIVE Mayor Contingency Fund</p>	<p>"At least \$9,000 out of current expenses is appropriated for the Mayor's inauguration held on or after January 2, 2005."</p>	<p>This proviso is contrary to Section 5-105 of the Revised Charter of the City & County of Honolulu (2000 Edition), pertaining to the Mayor's Contingency Fund, which requires the Council to "provide, in the annual budget for the executive branch, a contingency fund to be expended by the mayor for such public purposes as the mayor may deem proper." Thus, the mayor, and not the Council, has the authority to determine the purposes for which the funds may be expended.</p>
<p>GENERAL GOVERNMENT EXECUTIVE Managing Director Culture and Arts</p>	<p>"At a minimum, \$75,000 of the monies budgeted for current expenses is appropriated for the 100th anniversary celebration for the City and County of Honolulu and no monies shall be expended until the Administration submits a detailed program plan and budget to the Council prior to the expenditure of funds."</p> <p>"Of the monies appropriated for Culture and the Arts Professional Services, at least \$100,000 out of current expenses is appropriated for the Honolulu Symphony, at least \$25,000 is appropriated to the Filipino Centennial Commission, at least \$15,000 is appropriated for the Honolulu Jazz Festival, at least \$5,000 is appropriated for the Downtown Hoolaulea, at least \$5,000 is appropriated for the Hawaii Theatre, at least \$20,000 is appropriated for the Hawaii Theatre for Youth, and at least \$49,500 is appropriated for the Honolulu Hale Cultural Performances."</p>	<p>The first proviso relating to the 100th anniversary celebration for the City and County of Honolulu improperly requires the Administration through the Mayor's Office of Culture and the Arts to return to the Council for what could amount to a second approval of the budget appropriation in the form of the submission of a detailed program plan and budget prior to the expenditure of funds. As previously opined by COR with respect to the executive capital budget, the proviso is contrary to the Charter, section 9-106(2)(a), which provides in relevant part that "Executive agencies authorized to make expenditures under the executive operating budget ordinance <u>may proceed without other authority from the council</u> to incur obligations or make expenditures for proper purposes to the extent that the moneys are available." (Emphasis added.) See COR Opinions 90-17, 90-24, 90-35.</p> <p>Both of these provisos violate the Revised Ordinances of Honolulu 1990 ("ROH") because the Council only provided funding for special events, and did not appropriate any funding for Culture and Arts to perform its legally mandated functions. The Council appropriated \$404,500 for the Culture and the Arts current expenses, and all \$404,500 has been appropriated for specific events. Under ROH Section 3-2.8, Culture and the Arts is required to conduct an annual inspection and inventory and a maintenance, preservation, and restoration program of the City's movable and permanent works of art. Furthermore, there is no money for Culture and Arts to pay for the costs and expenses associated with its day-to-day operations and the specific events for which money has been appropriated. With the total budget amount for Culture and the Arts current expenses being appropriated for specific events, there is no money available for Culture and the Arts to perform its legally mandated functions.</p>

FUNCTION/PROGRAM AGENCY ACTIVITY	BILL 13 (2004), CD2, FD1, SECTION 14. PROVISO AMENDMENTS HEREBY VETOED	REASONS FOR VETO OF PROVISIO
<p>HIGHWAYS AND STREETS HIGHWAYS, STREETS, AND ROADWAYS Department of Facility Maintenance Road Maintenance</p>	<p>"Add proviso: At least \$5,000 out of current expenses is appropriated for the purchase and installation of street lights with increased wattage on Kilani Avenue from Kellogg Street to North Cane Street."</p>	<p>The Department of Facility Maintenance is already working to evaluate the lighting on these three streets and to increase the wattage of the light bulbs if it is practicable. However, to proviso the executive budget of the City in this fashion is inappropriate. The Council proviso directing increased wattage for certain streets in Wahiawa, usurps the executive power and charter authority of the Department of Facility Maintenance to "install and maintain street lighting systems," RCH § 6-503(c); and the Department of Design and Construction to plan and design public streets and transportation systems. RCH § 6-503(b)(c). The City Charter thus provides that DFM and DDC (and not the Council), have the power and authority to decide the location and technical wattage specifications of such lighting systems. <u>City Council v. Fasi</u>, 52 Haw. 3, 467 P.2d 576 (1970). Said authority has historically been an executive function. Prior to the reorganization, the Department of Transportation Services was tasked by the Charter to "locate, select, install and maintain street lighting systems." RCH 6-1102(1)(b) (1994 ed.)</p>
<p>SANITATION WASTE COLLECTION AND DISPOSAL Department of Environmental Services Refuse Collection and Disposal</p>	<p>"No monies shall be expended for the island-wide curbside recycling program unless: 1) at least two months prior to implementation of the recycling program, the administration conducts an island-wide education program in partnership with community groups, public and private schools, businesses and neighborhood boards to assist in the dissemination and promotion of the details and implementation plan for the recycling program; 2) all parties awarded a contract funded by the recycling program have received all permits and other approvals from federal, state and city agencies required to implement the activities required by the contract; and 3) none of the parties awarded a contract funded by the recycling program have had any violations issued by federal, state or city agencies in the year preceding the issuance of the contract."</p>	<p>In addition to being vague, the proviso contains provisions that constitute an improper legislative intrusion into executive functions, are unnecessary, and violate the Public Procurement Code. The City Charter specifically empowers the Department of Environmental Services with developing and administering solid waste collection, processing and disposal systems. However, the proviso's first condition, which requires that the administration conduct an island-wide education program with specified entities, impermissibly intrudes into executive authority. The second condition of the proviso is similar with the bid specifications for the project and redundant, and therefore unnecessary, and could be found to be an impermissible attempt to add criteria for bid evaluation after the issuance of the invitation to bid, in contravention of the requirements of the Public Procurement Code. The final condition of the proviso was not stated in the original bid specifications, and violates the Public Procurement Code and its requirements for bid evaluation, contract awarding, and debarment. Further, the final condition, in referencing "any violations issued by federal, state or city agencies", is vague, and could be read to bar from consideration any company whose vehicles have received parking tickets, or other such citations, which would be irrelevant to the bid specifications.</p>

FUNCTION/PROGRAM AGENCY ACTIVITY	BILL 13 (2004), CD2, FD1, SECTION 14. PROVISO AMENDMENTS HEREBY VETOED	REASONS FOR VETO OF PROVISIO
UTILITIES OR OTHER ENTERPRISES MASS TRANSIT Department of Transportation Services Public Transit	<p>“At a minimum, \$240,000 of the monies budgeted for this activity is appropriated for expenses related to the Kaimuki-Kapahulu-Waikiki Trolley provided that: 1) the fare charged for the Trolley shall be the same as the fare charged for the City’s bus service; and 2) the Trolley complies with the bus sustainability recovery of between 27% and 33% according to Resolution 00-29, CD1.”</p>	<p>This proviso will have adverse effects on public transit operations.</p> <ul style="list-style-type: none"> • Violation of OTS/Teamsters negotiated agreement. The proviso essentially reduces funding for the Oahu Transit Services (“OTS”) for the operation of TheBus and may result in a violation of the recent negotiated agreement between OTS and the Teamsters Union. Dedicating \$240,000 of the public transit budget to the Kaimuki-Kapahulu-Waikiki Trolley (“KKW Trolley”) operations essentially reduces funding for the OTS for the operation of TheBus. This reduction in funding equates to approximately 4,700 service hours. The agreement with the Teamsters Union that settled the bus drivers’ strike in 2003 called for no service reductions, no layoffs and no take backs. Any reduction in bus service hours would violate this commitment. • Violation of existing trolley contract. The proviso further requires that the KKW Trolley fares must mirror TheBus fares, which include a \$2.00 one-way fare, as well as other different fares. Thus, the proviso violates the terms of the existing trolley contract, which only provides for a one-way fare of \$1.00. Under the law, this proviso is an illegal attempt to alter the terms of an existing City contract. • Higher fares for public to increase revenues for private trolley operators. By requiring increased fares to mirror TheBus, this proviso mistakenly assumes that additional City revenue will be realized from the operation of the KKW Trolley. However, under the existing contract, any fare revenue generated by the KKW Trolley will go directly to increase the revenues to the trolley operator, and not the City. <p>Fare box recovery ratio may be a “poison pill.” As a condition to receiving up to \$240,000 from the City for its expenses, the proviso requires that the trolley must recover between 27% to 33% of its operational costs. Since the historic fare box recovery ratio is less than 20% and it is very doubtful that the Trolley will be capable of achieving a 27% ratio, this provision is likely to be a “poison pill,” which will prevent the trolley company from receiving City payments for its expenses.</p>

RECEIVED
2004 JUN - 3 A 10: 14
CITY COUNCIL
HONOLULU, HAWAII

The Honorable Ann H. Kobayashi, Chair
Committee on Budget
City Council
City and County of Honolulu
Honolulu, Hawaii 96813

Dear Chair Kobayashi:

Subject: Bill 35 (2004), CD2 filed June 2, 2004

We are opposed to Bill 35 (2004), CD2 filed June 2, 2004, based on the following rationale.

First, Bill 35 is likely to cause the loss of a minimum of \$9.6 million, and potentially more, in real property tax revenue projected and budgeted by the Administration. City Council's failure to restore this loss of revenue will produce an unbalanced budget for fiscal year 2005, causing non-compliance with Article IX of the Charter of the City and County of Honolulu.

Second, Bill 35 causes unraveling of the real property assessment methodology reflected in Chapter 8 of the Revised Ordinance of Honolulu 1990 (ROH). Chapter 8 of ROH mandates the preparation and certification of the real property assessment list by January 31. The assessment list is the foundation for collection of real property tax revenues. Maintaining the integrity of the certified list of property assessments by January 31 is the foundation for accurate estimates of real property tax revenue. The certified list is critical for the production of a balanced budget by the Executive Branch 120 days prior to the end of the fiscal year, and adoption of a balanced budget by the City Council prior to June 15, all in compliance with Article IX of the City Charter. By allowing modifications of landowners' tax liability as late as August 9, after the budget is adopted prior to June 15, Bill 35 subverts the integrity of the assessment process, and will cause the production of an unbalanced budget by the City Council.

The Honorable Ann H. Kobayashi, Chair
June 2, 2004
Page 2

Third, Bill 35 violates the long-standing principle that only lands in agricultural production qualifies for a reduced tax assessed value. It serves as a disincentive to utilization of agricultural zoned lands for actual agricultural production.

Fourth, Bill 35 on its face produces an absurd result. By disabling the Director of Budget and Fiscal Services from negotiating compromises, the City Council is allowing the landowner to determine the value of their lands and therefore their real property tax liability.

Fifth, by stripping the Director of Budget and Fiscal Services of his power, duty, and function to collect and receive moneys due to the City reflected in Article VI, Chapter 2 of the Charter of the City and County of Honolulu, Bill 35 violates the separation of powers principle of the City Charter. The structure of our City government in Article I of the City Charter, has been interpreted by court decision such that "under the separation of powers provided in the Honolulu charter, the legislative branch of the City and County government is coordinate with the executive branch, and neither branch may exercise the power of the other." See the footnote to Article I of the City Charter. Article VI, Chapter 2 of the City Charter states at Section 6-203(b): "The director of budget and fiscal services shall be the chief accounting officer of the city and shall (b) collect and receive moneys due to... the city... or authorize other executive agencies to do so under conditions prescribed by the director of budget and fiscal services."

For the reasons stated above, we ask that the City Council file Bill 35.

Sincerely,

IVAN M. LUI-KWAN, Director
Budget and Fiscal Services

CITY COUNCIL

CITY AND COUNTY OF HONOLULU
HONOLULU, HAWAII

ORDINANCE _____

BILL 13 (2004), CD2, FD1

SECTION 12. General Provisos.

(a) As used in this Ordinance:

"Agency" includes any department, office, board, commission, or other government unit of the City and County of Honolulu, as the case may be.

"Charter" or "RCH" means the Revised Charter of Honolulu 1973, as amended.

"City" means the City and County of Honolulu.

"Council" means the Council of the City and County of Honolulu.

"Government" means the federal government, the State government, the government of any other state, any political subdivision of any state, or any quasi-governmental entity.

"ROH" means the Revised Ordinances of Honolulu 1990, as amended.

(b) Single purpose monies. The City may receive single purpose monies from: (1) any governmental or quasi-governmental agency due to the funding of a grant application thereto which has been authorized by Council resolution pursuant to the provisions of Chapter 1, Article 8, ROH; (2) any private source pursuant to a contract which has been authorized by Council resolution; or (3) any combination thereof. When such monies are received, the Director of Budget and Fiscal Services shall maintain special funds of accounts showing the monies so received and specifying the purposes for which they have been received and held.

All such receipts specified in Section 2 through 10 of this ordinance are hereby appropriated in the amounts and for the purposes set forth, and all expenditures shall be made as provided by law. Should revenues from these sources exceed the amounts specified herein, the excess is hereby appropriated in accordance with the provisions of the grants and of this section; provided that when a project is financed by both City and non-City funds and the revenues from a non-City fund source exceed the amount approved in this ordinance, the City fund appropriation shall be decreased by the amount of the excess revenues unless such decrease would jeopardize the receipt of the increased amount from the non-City fund source or the award of the contract. The scope of the project shall not be increased unless approved by amendment to the appropriate budget ordinance.

New single purpose monies include but are not limited to grants to begin new programs, and monies to fund ongoing programs or programs funded in prior fiscal years that become available during the fiscal year for which no appropriation has been made in Sections 2 through 10 of this ordinance. Such monies are hereby appropriated in the amounts and for the purposes for which they are contracted or received, provided that the receipt and expenditure of such monies are authorized by Council resolution.

The Director of Budget and Fiscal Services shall report to the Council no later than thirty days after June 30 detailing, for the fiscal year just ended, the amount of any excess monies and any new monies received, and the function, program, and activity to which the monies have been allotted for expenditure.

CITY COUNCIL
CITY AND COUNTY OF HONOLULU
HONOLULU, HAWAII

ORDINANCE _____

BILL 13 (2004), CD2, FD1

Whenever the City receives gifts of single purpose monies which the Council has accepted in accordance with Section 13-113 of the Charter and Council Resolution 86-298, the Director of Budget and Fiscal Services, shall maintain special funds or accounts showing the monies so received and specifying the purposes for which they have been received and for which they are held. All such receipts are hereby appropriated for expenditure; and the expenditures from any such fund or account, to carry out the purposes for which such monies have been received or for which such fund or account is maintained, shall be approved by the Director of Budget and Fiscal Services and may be expended in accordance with the terms and conditions by which said monies have been received by the City.

(c) Multi-purpose federal monies. Multi-purpose federal monies are monies from the United States of America, which are allocated by formula entitlements and may be expended for multiple purposes. Such monies include Community Development Block Grant monies, HOME Investment Partnerships Program monies, Federal Transit Administration operating assistance monies, and similar federal assistance programs, which Congress may enact from time to time.

No expenditure of such monies shall be made unless the Council has authorized such expenditure by enactment of or an amendment to a budget ordinance appropriating such monies in accordance with applicable Charter provisions, ordinances, and other legal requirements. If such monies are received prior to an enactment of or amendment to a budget ordinance, the Director of Budget and Fiscal Services shall maintain such monies in special accounts showing the monies so received and specifying the purposes for which they have been received and temporarily held. A bill for an ordinance appropriating such monies shall be submitted to the Council as soon as possible following the receipt of such monies.

(d) Community Development Block Grant monies are monies from the United States of America which are allocated for the purpose of promoting the development of viable urban communities by providing decent housing, a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. No expenditure of Community Development Block Grant monies shall be made unless the expenditure is in compliance with all Federal Community Development Block Grant requirements, including the requirement that the expenditure must be made to: 1) principally benefit low- and moderate-income families; 2) aid in the prevention or elimination of slums or blight; or 3) meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs.

(e) The Council finds that the delay in program implementation incident to any reprogramming action pursuant to certain Charter provisions involving Community Development Block Grant funds and/or HOME Investment Partnerships Program funds will jeopardize the availability and receipt of those funds. Accordingly, pursuant to Section 13-122, RCH, the Council hereby waives Sections 3-204, 9-105, 9-106.1, and 9-106.2, RCH, and authorizes all such reprogramming actions of such funds within the total amount appropriated by this ordinance to be taken by Council resolution. Amounts in excess of the total amount appropriated herein shall first be appropriated by ordinance prior to expenditure or reprogramming.

(f) For the purposes of this subsection, "City fund" excludes pension or retirement funds, funds under the control of any independent board or commission, funds set aside for the redemption of bonds or the payment of interest thereon, park dedication funds, or private trust funds.

CITY COUNCIL

CITY AND COUNTY OF HONOLULU
HONOLULU, HAWAII

ORDINANCE _____

BILL 13 (2004), CD2, FD1

In the event there are monies in any City fund that, in the judgment of the Director of Budget and Fiscal Services, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where, in the judgment of the Director of Budget and Fiscal Services, such action will not impede the necessary or desirable financial operations of the City, the Director of Budget and Fiscal Services may make temporary transfers or loans there from to the other funds of the City.

Within fourteen days of the transfer or loan, the Director of Budget and Fiscal Services shall report to the Council on: (1) the amount of transfer or loan required; (2) the reason or justification for the transfer or loan; (3) the total amount outstanding and unreimbursed in temporary transfers and loans after making the subject transfer or loan; and (4) the anticipated date of the reimbursement or repayment. The Director of Budget and Fiscal Services shall notify the Council of the reimbursement or repayment of the temporary transfer or loan as soon as such reimbursement or repayment is made. Such notification shall identify the source of funding of the reimbursement or repayment of the temporary transfer or loan.

All transfers or loans under this section shall be reimbursed or repaid no later than twelve months from the date on which the transfer or loan was made, unless a later date is approved by the Council by resolution adopted on one reading without publication. Interest may be charged if the monies originate from enterprise funds.

(g) At the close of each quarter, the Director of Budget and Fiscal Services shall submit to the Council a Statement of Cash Balances by Fund showing for each quarter for each individual fund the cash balance at the start of the accounting period and the cash balance at the end of the period.

(h) If any portion of this ordinance or the application thereof to any person or circumstance is held to be invalid for any reason, the Council hereby declares that the remainder of this ordinance and all other provisions thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objectives of such appropriation to the extent possible.

SECTION 13. Specific Provisos.

(a) Business improvement district.

For the purpose of this subsection:

- (1) "Business improvement district" or "district" means a special improvement district established during the fiscal year 2004-05 pursuant to an ordinance enacted in accordance with the Revised Ordinances of Honolulu.
- (2) "Special assessment revenues" means the revenues derived from any special assessment imposed on real property in a business improvement district.

All special assessment revenues from a business improvement district which become available during the fiscal year 2004-05 are hereby appropriated to the district for that fiscal year, notwithstanding the absence of a specific appropriation in Sections 2 through 10 of this ordinance. The appropriated special assessment revenues shall be expended, without necessity of Council approval, in conformance with the ordinance establishing the district and the Revised Ordinances of Honolulu.

CITY COUNCIL
CITY AND COUNTY OF HONOLULU
HONOLULU, HAWAII

ORDINANCE _____

BILL 13 (2004), CD2, FD1

Any general or highway fund appropriation under Section 4 for a maintenance assessment district which is dissolved and succeeded by a business improvement district during the fiscal year 2004-05 shall be transferred and appropriated to the successor district in the amount specified in the ordinance establishing the successor district.

Any transferred appropriation shall be expended, without necessity of Council approval, for the successor business improvement district in conformance with the ordinance establishing the district and the Revised Ordinances of Honolulu.

Within 30 days of June 30, 2005, the Director of Budget and Fiscal Services shall report to the Council the special assessment revenue amount appropriated and general or highway fund amount transferred pursuant to this section. The report also shall identify the business improvement district which received the appropriated revenues or transferred funds.

SECTION 14. The Executive Operating Program for the Fiscal Year July 1, 2004 to June 30, 2005, as transmitted to the Council in the Executive Program and Budget for the Fiscal Year 2005, Volume I (Operating Program and Budget), and as amended in any Executive Operating Program amendments, attached hereto and made a part hereof, is hereby incorporated by reference and adopted as an integral part of this ordinance. In case of any conflict between the substantive provisions of the Executive Operating Program as transmitted and this ordinance, the provisions of this ordinance and any amendments thereto shall prevail, and the specific provisos contained therein shall have the same force and effect as the general provisos contained in this portion of the ordinance.

CITY COUNCIL
