

A BILL FOR AN ORDINANCE

RELATING TO REFUSE.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. The purpose of this ordinance is to address refuse.

SECTION 2. Section 9-4.2 ("Disposal charges for businesses and federal, state and city agencies"), Revised Ordinances of Honolulu 1990, as amended, is amended by amending subsection (c) to read as follows:

"(c) The unit charge per ton or per cubic yard for residue from recycling operations shall be discounted to 20 percent of the [July 1, 1999] unit charge for businesses provided in subsection (a) for disposal at landfills and H-Power. [The residue disposal discount of this subsection shall be in effect from September 1, 2001 to September 1, 2004. On September 1, 2003, the department shall submit to the council a report stating the tonnage eligible for the discounted charge in each of the preceding three fiscal years, stating the fiscal impact of the discount on the city and making a recommendation as to whether the discount should be continued after September 1, 2004, adjusted or discontinued.] For the purposes of this subsection, a recycling operation is one that recovers post-consumer waste materials for use in new consumer products. Such residue from recycling operations shall meet all of the following conditions:

- (1) The recycling operations shall recover at least 2,000 pounds of recyclable material per month;
- (2) The recyclable material is shipped off-island or the recyclable material is incorporated into a new consumer product directly by the recycling operation;
- (3) The residue is a maximum of 25 percent of the weight of the recyclable material recovered;
- (4) The residue is a direct result of the recycling operation only;
- (5) The residue is not commingled with other waste at the delivery; and
- (6) The residue does not contain any recyclable material.

A BILL FOR AN ORDINANCE

Upon submission of a written request and supporting data from the owner of the recycling operation, the director shall determine whether the residue from the recycling operation is eligible for this reduced unit charge. All residue from the recycling operation shall be transported to the disposal site in the recycler's own vehicle, or if the recycler utilizes the services of another company to haul its residue for disposal, the truck used for hauling shall be so constructed as to allow ready inspection of its load before disposal. Disposal charges shall be charged directly to the recycling operation, initially at the standard rates. The reduction in disposal charges for recycling residues shall be applied after the recycling operation submits a monthly report to the director documenting types and quantities of the materials recycled and the residues resulting therefrom."

SECTION 3. Ordinance material to be repealed is bracketed. When revising, compiling, and printing this ordinance for inclusion in the Revised Ordinances of Honolulu, the revisor of ordinances need not include the brackets or bracketed material.
