Subject: Council Meeting/Public Hearing Testimony

The Council Members need to ease back in the property tax burdon that is being put on owners of single family homes. If the property tax keeps going up it will force more people to become homeless, raise rent to where it will be difficult to afford, etc.. There are a number of ways to accomplish this action - roll back taxes to a previous level, reduce the amount of tax that is paid per dollar of assessed valuation, reduce the valuation, go easier on owner occupied and harder on investors, etc..

I also feel that the assessors are high ending the appraisal so that it is just under the 10 percent needed to challenge. This is not a good tactic and it will get more people mad..

Sincerely yours,,
