Chair Marshall,

I would like to take the opportunity to inform you that I am in support of Council Resolution 06-075. I am also a solid supporter of Turtle Bay Development's original Master Plan.

My name is Simplicio Caban, and I am a life-long resident of Kahuku Community. I have been involved in and participated in the negotiations that eventually led to the adoption and approval of the Unilateral Agreement.

This effort was a compromise between all involved, city, state, communities and the owner/developer back in the late 1980's. Many of us spent countless time, energy and commitment to this effort, and we would surely lose a lot if these UA conditions were not implemented. We have waited a long time for this project, and your support for this resolution will be much appreciated.

Mahalo,

Simplicio Caban
