Re: Bill 43 (2007) – Boundary Amendment of Special Management Area
Bill 44 (2007) – Partial Rezone to Reconfigure Ocean Pointe Master Plan

Dear Chair Marshall and the Honorable Members of the Council:

Our office represents HASEKO (Ewa), Inc., owner and developer of the Ocean Pointe master planned community. On behalf of HASEKO, we transmit 177 letters in support of Bill 43 (2007) and Bill 44 (2007).

Thank you for your consideration of these two Bills.

Very truly yours,

Sandra L. Wilhide

Enclosures

Petition No. 113

May 1, 2007

The Honorable Barbara Marshall, Chair
And Members of the Honolulu City Council
530 S. King Street, Room 202
Honolulu, HI 96813

Subject: Kalo'i Gulch Drainage Improvements at Oneula Beach Park
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately .52 acres File No: 2006/Z-16 _____

Dear Chair Marshall,

I am writing to ask for your full support of the Kalo'i Gulch Drainage Improvements Project proposed by Haseko. I support this project because:

- It benefits anyone that lives, works or plays in the Ewa Community.
- Improving an existing emergency drainage channel, that protects life and property. Grass-lined outlet that will also offer park users another field to play in.
- Haseko is willing to be responsible for funding and construction of project. There is no cost to City or State governments. No cost to taxpayers.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

Handwritten signature of Robert Palmer in cursive script.

Subject: Kalo'i Gulch Drainage Improvements at Oneula Beach Park
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

Aloha Chair Marshall,

This project will improve our community. I am a resident of Ewa Beach and would like to express my support for the above project.

I support this project because of the protection that it offers to homes and businesses. Although I didn't live in the area back in 1996, my home town also experienced flooding like that which occurred in Ewa Villages. I remember waking up in the middle of the night to a house full of water. It was a nightmare that last a month. After weeks of cleaning, the next horror is realizing all the things that you can't replace such as family photos.

Not only will this project protect homes from flooding but it will also beautify the park. The drainage system will allow water to follow its natural drainage course, but also filter it through the many golf courses and grassy swales in its path. That means any water that happens to make it to the grass outlet will be much cleaner. The grass outlet will be dry the vast majority of the time, so that gives us park users another field to play soccer in.

Help better our community by giving your approval for both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Mahalo,

A handwritten signature in black ink, appearing to read "Lisa Lee", followed by a long horizontal line extending to the right.

Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall,

I am writing to ask for your full support of the Kalo'i Gulch Drainage Improvements Project proposed by Haseko.

I've worked in Ewa Beach for many years and have seen how the community has grown. The current capacity of the temporary emergency channel does not meet the current City drainage standards for the region. We need these improvements to protect the people and the companies that call Ewa Beach their home.

The approval and implementation of this project will benefit anyone who lives, works or plays in the region. I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

A handwritten signature in cursive script, appearing to read "Barbara Marshall".

Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall and City Council Members,

I live in Ewa Beach, and ask that you please approve the Kalo'i Gulch Drainage Improvements Project.

The proposed channel will provide an infrastructure solution to accommodate storm water flows for the whole Kalo'i region. Approval and implementation of the proposed project will help protect homes and lives from the risk of flood damages.

The modification of the existing drainage way will cost taxpayers nothing. Haseko is willing to be responsible for funding and construction of the project with no cost to State or City governments. They have kept us updated on the progress of project, and have listened to community concerns. They have been a positive and contributing community member.

I support approval of these applications and ask that they be given favorable consideration.

Sincerely,

RAIFE VANDEVER

RE: Kaloi Gulch Drainage Improvements at Oneula Beach Park

Dear Chair Marshall and City Council Members,

I am a resident of Ewa Beach, and fully support the Kaloi Gulch Drainage Improvements Project proposed by Haseko. Approval and implementation of the proposed project will benefit the Ewa community, as well as the entire Kaloi Gulch regional watershed, by providing regional drainage infrastructure to accommodate storm water flows.

The fact that Haseko is willing to be responsible for funding and construction of the proposed storm water drainage channel, at no cost to State or City governments is an expression of their strong support of the Ewa community. They have been a positive and contributing member of the Ewa community, and they continue to respond to community concerns.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate the regional drainage solution.

Sincerely,

David S. Inafuku

Partial rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall,

Please give your approval for the Kaloι Gulch Drainage Improvements project.

I have been briefed by Haseko and I fully support this project. I have family and friends that purchased their homes in Ewa Beach. These improvements help protect their lives, along with their home that they have invested in. Protecting lives and homes should be your first consideration.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate the regional drainage solution.

Sincerely,

TIMOTHY COLLIER

Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall and City Council Members,

I live in Ewa Beach, and ask that you please approve the Kalo'i Gulch Drainage Improvements Project.

The proposed channel will provide an infrastructure solution to accommodate storm water flows for the whole Kalo'i region. Approval and implementation of the proposed project will help protect homes and lives from the risk of flood damages.

I support approval of these applications and ask that they be given favorable consideration.

Sincerely,

Sara Fechter

Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall,

I am writing to show my support, and ask that you please approve the Kalo'i Gulch Drainage Improvements Project.

I am a resident of Ewa Beach and feel that this project will benefit the community. I strongly believe that protecting homes and lives should be your first consideration. My neighbors and I have invested in our homes here, and would be like to protect them from flood damages like those that happened in Ewa Villages in 1996.

Please support the approval of these applications.

Sincerely,

Nobuko Holyfield

Dear Chair Marshall and City Council Members,

I writing to ask for your full support of the Kaloi Gulch Drainage Improvements Project proposed by Haseko. I support this project because:

- It benefits anyone that lives, works or plays in the Ewa Community
- Improving an existing emergency drainage channel, that protects life and property. Grass-lined outlet that will offer park users another field to play in.
- Drainage system consists of a series of grassy swales and retention/detention basins to help clean stormwater runoff of sediments before it reaches the ocean.
- Haseko is willing to be responsible for funding and construction of project. There is no cost to City or State governments. No cost to taxpayers.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

BRANDON OZAKI

I writing to ask for your full support of the Kaloi Gulch Drainage Improvements Project proposed by Haseko. I support this project because:

- It benefits anyone that lives, works or plays in the Ewa Community
- Improving an existing emergency drainage channel, that protects life and property. Grass-lined outlet that will offer park users another field to play in.
- Drainage system consists of a series of grassy swales and retention/detention basins to help clean stormwater runoff of sediments before it reaches the ocean.
- Haseko is willing to be responsible for funding and construction of project. There is no cost to City or State governments. No cost to taxpayers.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

IVAN H. RAYMOND

Dear Chair Marshall,

I'm writing this letter to show my support of the Kaloi regional drainage improvements project at the beach park. I have been briefed by Haseko and support this project because:

- It is a drainage solution that keeps homes and lives safe, at no cost to taxpayers. Haseko is willing to be responsible for funding and construction of project at no cost to City and State governments.
- It does not touch the Honouliuli Sewer outfall.
- Drainage system consists of series of grassy swales and retention/detention basins to help clean stormwater runoff of sediments before it will reach ocean. The grass-lined outlet will be dry for vast majority of time allowing giving park users another field to play in.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate the regional drainage solution.

Sincerely,

Frank Euanoria

Subject: **Kaloi Gulch Drainage Improvements at Oneula Beach Park**
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

Aloha Chair Marshall,

I am writing this letter to ask for your support in the implementation of the proposed Kaloi Gulch Drainage Improvements.

Protecting life and property should be the most important thing to consider. I have family and friends that live in Ewa Beach. This project would help protect their property, and reduce the risk of flood damages like that which had occurred in Ewa Villages in 1996.

I also believe this project will improve Oneula Beach Park. The drainage improvements will help to greatly reduce localized ponding that occurs every time it rains heavily at Oneula. The channel is not concrete. Instead, the channel is grass-lined making it the perfect place to picnic or hold a soccer game.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate the regional drainage solution.

Mahalo,

AARON D. SIMZLE

Dear Chair Marshall,

Please support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

I'm a resident of Ewa Beach and believe these improvements will benefit our community. This is a drainage solution that would protect homes in the whole Kaloι Region. Back in 1996 Ewa villages didn't have a drainage solution to protect their homes. I would hate for something like that to happen again.

If this project is not approved there is a greater potential for flooding. Protecting homes should be your first priority. Please support this regional drainage solution.

Sincerely,

Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall,

I'm a resident of Ewa Beach, and would like to convey my support for this project.

- It is a drainage solution that keeps homes and lives safe, at no cost to taxpayers. Haseko is willing to be responsible for funding and construction of project at no cost to City and State governments. That's no cost to taxpayers.
- It does not touch the Honouliuli Sewer outfall. We don't know what condition the outfall pipe is in.
- Drainage system plans to use open space and golf courses to filter any stormwater runoff. That means there is less chance of water reaching the ocean. The series of grassy swales and retention/detention basins will help clean stormwater of sediments before it would ever reach the ocean.
- Drainage outlet will be grass-lined. Incorporating a grass-lined outlet instead of cement is a great idea. This will help to improve the parks appearance, and also gives us another grassy field at Oneula.

Please support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall,

I am in full support of the Kalo'i Gulch Drainage Improvements Project proposed by Haseko because:

- Protects life and property within the watershed by minimizing the risk of flood damages.
- No risk of flash flood in the park from the drainage channel because all retention /detention basins mauka of the park must overflow before any water reaches Oneula. This will clean any stormwater of sediments before it ever reaches the ocean. The Final EIS shows that water quality will return to ambient conditions with no potential to violate Water Quality Standards, and scientists anticipate no potential for negative impacts on limu.
- Channel is a wide, shallow, and grass-lined thru the beach park. It will also be dry for the vast majority of the time giving beach users another field to play soccer or football in.
- This project will benefit the Ewa Community, Oneula Beach Park Users, as well as the entire Kalo'i Gulch regional watershed at no cost to the City or State Government.

I ask that you support the approval of both the SMP/SSV and partial rezoning needed to accommodate the regional drainage solutions.

Subject: Kalo'i Gulch Drainage Improvements at Oneula Beach Park
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall and City Council Members,

Please give your support for the approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution. This is a project that will benefit everyone that lives or works in the Ewa Community.

I have friends that either live or work in Ewa Beach. Approving this project will help keep their workplace or home safe from flooding. There is no cost to us taxpayers because Haseko is willing to pay for the cost of construction and implementation of this project.

Your support will help protect homes and businesses in Ewa safe from flooding.

Sincerely,

A handwritten signature in cursive script that reads "Paty Smith". The signature is written in dark ink and is positioned below the typed name "Paty Smith".

Subject: Kalo'i Gulch Drainage Improvements at Oneula Beach Park
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall,

I am in full support of the Kalo'i Gulch Drainage Improvements Project proposed by Haseko because:

- Protects life and property within the watershed by minimizing the risk of flood damages.
- No risk of flash flood in the park from the drainage channel because all retention /detention basins mauka of the park must overflow before any water reaches Oneula. This will clean any stormwater of sediments before it ever reaches the ocean. The Final EIS shows that water quality will return to ambient conditions with no potential to violate Water Quality Standards, and scientists anticipate no potential for negative impacts on limu.
- Channel is a wide, shallow, and grass-lined thru the beach park. It will also be dry for the vast majority of the time giving beach users another field to play soccer or football in.
- This project will benefit the Ewa Community, Oneula Beach Park Users, as well as the entire Kalo'i Gulch regional watershed at no cost to the City or State Government.

I ask that you support the approval of both the SMP/SSV and partial rezoning needed to accommodate the regional drainage solutions.

Sincerely,  Clarence Reid

Dear Chair Marshall and City Council Members,

Please give your support for the approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution. This is a project that will benefit everyone that lives or works in the Ewa Community.

I have friends that either live or work in Ewa Beach. Approving this project will help keep their workplace or home safe from flooding. There is no cost to us taxpayers because Haseko is willing to pay for the cost of construction and implementation of this project.

Your support will help protect homes and businesses in Ewa safe from flooding.

Sincerely,

May 1, 2007

The Honorable Barbara Marshall, Chair
And Members of the Honolulu City Council

Subject: Kaloi Gulch Drainage Improvements at Oneula Beach Park
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

Dear Chair Marshall and City Council Members,

I writing to ask for your full support of the Kaloi Gulch Drainage Improvements Project proposed by Haseko. I support this project because:

- It benefits anyone that lives, works or plays in the Ewa Community
- Improving an existing emergency drainage channel, that protects life and property. Grass-lined outlet that will offer park users another field to play in.
- Drainage system consists of a series of grassy swales and retention/detention basins to help clean stormwater runoff of sediments before it reaches the ocean.
- Haseko is willing to be responsible for funding and construction of project. There is no cost to City or State governments. No cost to taxpayers.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

Eric D. Miles x C. D. Miles

Dear Chair Marshall and City Council Members,

Please give your approval for the Kaloi Gulch Drainage Improvements project.

I'm a resident of Ewa Beach and I support this project. I remember back in 1996 when Ewa Villages flooded because they didn't have a drainage system that would protect them from heavy rains. These improvements would help protect my home from flood damages if that 100 year storm hits us.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

Aloha Chair Marshall,

I'm requesting your support for the Kaloι Gulch Drainage Improvements that would help protect my home.

I live and own my home in Ewa Beach. These improvements would help keep my home and family safe from flood damages. In 1996, Ewa Villages suffered substantial flood damages because when it stormed there was no place for the water to go. Please help protect my home and my family by giving your approval for these improvements.

Please support the approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Mahalo,

Dear Chair Marshall,

I am writing to show my support, and ask that you please approve the Kalo'i Gulch Drainage Improvements Project.

I am a resident of Ewa Beach and feel that this project will benefit the Ewa community. I strongly believe that protecting homes and lives should be your first consideration. My neighbors and I have invested in our homes here, and would be like to protect them from flood damages like those that happened in Ewa Villages in 1996.

There will be no cost to taxpayers, because Haseko is willing to be responsible for funding, and the construction of these improvements. Haseko has listened to community concerns, and is a positive contributing member of Ewa Beach.

I ask that you support the approval of these applications.

Sincerely,

Subject: Kaloi Gulch Drainage Improvements at Oneula Beach Park
Shoreline Management Area/Shoreline Setback Variance File No: 2006/SMA-54
Partial Rezoning approximately 52 acres File No: 2006/Z-16

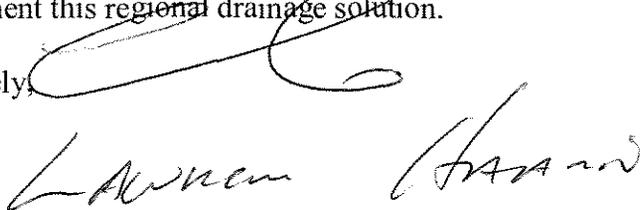

Dear Chair Marshall and City Council Members,

I writing to ask for your full support of the Kaloi Gulch Drainage Improvements Project proposed by Haseko. I support this project because:

- It benefits anyone that lives, works or plays in the Ewa Community
- Improving an existing emergency drainage channel, that protects life and property. Grass-lined outlet that will offer park users another field to play in.
- Drainage system consists of a series of grassy swales and retention/detention basins to help clean stormwater runoff of sediments before it reaches the ocean.
- Haseko is willing to be responsible for funding and construction of project. There is no cost to City or State governments. No cost to taxpayers.

I support approval of both the SMP/SSV and partial rezoning needed to accommodate and implement this regional drainage solution.

Sincerely,

A handwritten signature in black ink, appearing to read "S. L. Allen". The signature is written in a cursive, somewhat stylized font.
