**Subject:** bill 2 and 90

Mr. Garcia,

I am writing to you to concerning proposed Bills 2 and 90, to submeter individual condominiums for water usage.

As a taxpayer, voter, Condo Board member, and owner of a condominium unit in your district; I vehemently oppose this proposed legislation.

Our condo is already metered for water usage. Why would you impose a financial hardship on working class people who already are struggling to just pay their bills. It would cost our association \$\$\$hundreds of thousands of dollars to comply with such a needless law.

Who stands to benefit from such a law and what benefit or purpose does it serve? Are you or your family or friends in the plumbing business?

I implore you to reconsider and rescind your efforts to pass such ridiculous and unnecessary legislation.

I thank you for being a sensible and concerned representative of the city council.

Aloha, and sincerely,

Gregory K.M. Lee  
Director, board member for Association of Alexander Towers
