[Bills 8 and 9] I am against Bills #8 and #9 because placing locations on advertising causes security issues

Addresses published in advertising including online advertising is unsafe. It will invite break-ins putting our visitors and ourselves at risk. With the rampant use of crystal meth, how long do you think it would be before our homes will be easy targets?

Let's use common sense.

Also, many of our visitors – especially those who rent short-term rentals – have relatives and friends on Oahu. If we have to publish our addresses, there will be increased traffic as these relatives and friends tool around our neighborhoods looking at the houses available. Nobody wants strangers knocking on their front door at all hours of the day and night; parking on their lawns, or peering in their windows.

This just isn't good business sense.

Mahalo.
