CITY CLERK
HONOLULU, HAWAII

Dear Chair Marshall and Councilmembers:

Subject: Elimination of the Peltier Transit Station for the
Honolulu High-Capacity Transit Corridor Project

Attached is a memorandum dated April 7, 2008 from the Department of Transportation Services (DTS). The memorandum was received too late to be included in our transmittal package or to revise the exhibit maps attached to the resolution for proposed revisions to the Ewa, Central Oahu, and Primary Urban Center Public Infrastructure Maps (PIM). The memorandum provides written confirmation from DTS that the proposed Peltier Transit Station was not supposed to be included in the information they provided to the Department of Planning and Permitting for their PIM 2008/PIM-1 application. Thus, the number of proposed transit stations to be shown on the Ewa, Central Oahu, and Primary Urban Center PIM total 35 instead of 36; and the PUC PIM amendment requires a modification to reflect this deletion.

We are not opposed to this request.

Should you have any questions, please contact Tim Hata of our staff at 768-8043.

Very truly yours,

Henry Eng, FAICP, Director
Department of Planning and Permitting

MEMORANDUM

TO: HENRY ENG, FAICP, DIRECTOR
DEPARTMENT OF PLANNING AND PERMITTING

ATTN: TIM HATA

FROM: WAYNE Y. YOSHIOKA, DIRECTOR

SUBJECT: TRANSIT STATION LOCATION AT SALT LAKE

A station near Peltier Street was inadvertently included in the information we provided for PIM Application Number 2008/PIM-1. Therefore, the Description of the Project should be revised to reflect that the project includes constructing 35, not 36, transit stations. Also, the symbols for the Peltier Station shown on the Alignment Overview Figure and Alignment Section 3 of 4 Figure should be removed.

Should you have any questions, please contact Bruce Nagao of the Transportation Planning Division at Local 8351.

A handwritten signature in black ink, appearing to read "Wayne Y. Yoshioka".
