RE: Resolution 08-²⁵⁶~~236~~, Bill 8 & Bill 6

Dear City Council Members,

B &B's and T V U's disrupt communities, drive up rental prices and displace local residents. They are both illegal activities in residential zoning.

We are asking for enforcement of our residential zoning laws not regulation of illegal activities.

Bill 8 will give the Department of Planning and Permitting the tools to enforce the zoning laws. That is the measure you should pass. Don't ignore us and just dream up a resolution that causes more problems for residents.

I live in Hawaii Kai and you represent me, Councilman Djou. I voted for you and you are not listening to your constituents. You think this is only a Kailua or Northshore issue.

These illegal commercial activities pervade neighborhoods in Hawaii Kai along Portlock, Triangle, Koko Kai, marinafront properties and Mariner's Ridge.

We do not want them taking over our communities. Where is the benefit to local residents, who are taxpayers and voters.

We want enforcement not regulation of illegal activities.

Barbara and Marshall Rosa
