Subject: "CEL PHONE BILL"

Please take careful consideration in the wording of this bill - It does NOT adequately address the 'other uses', and most unfortunately includes many who use two-way-radio, both commercially and privately.

Holding a microphone and talking on a SIMPLEX conversation should be exempted! There is no reason Police, Fire, ambulance, etc., should be treated any differently than Taxi's, commercial business vehicles, amateur operators, etc., etc., etc.

The Amateur Radio community at large will be affected, and therefore will affect the ability of all amateur operators to assist the City, County, and State in the event of any disaster whether natural or man-made.

You are including those that serve the Red Cross and many other volunteer organizations.

Please feel free to contact me or others who are well qualified to a properly and better address the 'wording' in this needed bill.

Mahalo nui.

Best regards,

Richard
