Members of the Honolulu City Council

FROM: Cedric Yamanaka, Director *CY*
Corporate Communications
The Queen's Health Systems

SUBJECT: Bill 5 (2009), CD1, Relating to Banners

The Queen's Health System is in strong support of Bill 5, CD1, which would temporarily allow banners to be placed on lampposts on certain streets.

This year QHS proudly celebrates The Queen's Hospital's 150th Anniversary of the Royal Vision. The event is an auspicious occasion for the Hospital and for the people of Hawaii, as well.

Bill 5, CD1 will enable us to notify and educate the public of the Hospital's roots and continued mission to provide quality health care and improve the well-being of native Hawaiians and the people of Hawaii.

We respectfully ask for your continued support on the measure, and look forward to working on an equitable fee and ensuring the proper placement of the banners to prevent any danger to public safety.

Mahalo.
