Subject: Budget Committee Testimony

APR 11 4 23 AM '09

I am a resident of Salt Lake and I would like to testify in strong support of HB 16 regarding the Salt Lake Blvd. Widening Project. I understand when the rail transit was first going through Salt Lake Blvd, the widening project for Salt Lake Blvd. was shelved. Since the Council voted to change the rail transit project from Salt Lake Blvd. to the Airport, it is only fair to put the widening of Salt Lake Blvd project back into the budget.

RECEIVED

We, the residents of Salt Lake, Aliamanu, and Foster Village voted for the rail transit project when it was proposed to go via Salt Lake Blvd, and not to the airport on the early phase. We hope the integrity of the Council members will vote to support the widening of the Salt Lake Blvd. project.

Thank you for the opportunity to testify.
