Dear Director Coelho:

The North Shore Outdoor Circle has been following the Kamehameha Highway Masterplan which proposes roadway, pedestrian, streetscape and drainage enhancements to the Town of Haleiwa.

We unanimously support the Masterplan and feel that this project will not only add to the safety of residents and visitors but will be an aesthetic improvement as well. As residents of this area we know only too well the hazards of heavy pedestrian traffic, with no place for pedestrians to walk except in the roadway.

The North Shore has become a viable tourist destination and we need to look to the future of this area to make it as safe and attractive as possible. We strongly feel that the proposed project from Weed Circle to Haleiwa Beach Park will help make this possible.

Sincerely,

Nancy E. John, President
North Shore Outdoor Circle
