

Dear Budget Committee Members:

If you approve a third rail heavy transit system budget without first completing the full review of the EIS or receiving a guarantee of full federal funding, you will bankrupt the City and County of Honolulu. Consider what a bankrupt Honolulu will mean for all programs and services that the City and County of Honolulu provides.

Please refuse to fund this terrible heavy rail system and wait until a light rail at grade system can be determined for sums Honolulu can afford. We look to you to exercise true fiduciary responsibility with our funds, and that means No to Heavy Rail. Do not rush into a mistake. Thank you for receiving my testimony.

Sincerely Yours,
