TITLE OF DOCUMENT: Unilateral Agreement and Declaration for
Conditional Zoning

PARTY TO DOCUMENT: Ewa Industrial Park, LLC

TAX MAP KEY NO.: 9-1-69: Por. 3

**UNILATERAL AGREEMENT AND
DECLARATION FOR CONDITIONAL ZONING**

THIS INDENTURE (hereinafter referred to as this "Unilateral Agreement" or this "Declaration"), made this 2nd day of June, 2009, by Ewa Industrial Park, LLC, a Hawaii limited liability company, whose address is 99-1324 Koaha Place, Aiea, Hawaii 96701 (hereinafter referred to as the "Declarant"),

WITNESSETH:

WHEREAS, the Declarant is the owner in fee simple of that certain land situated at Honouliuli, City and County of Honolulu, State of Hawaii, consisting of approximately 23.3 acres, described as Tax Map Key Nos. 9-1-69: portion of 3, and more particularly described in Exhibit A and Exhibit B attached hereto and made a part hereof (the "Land"), and desires to make the Land subject to this Unilateral Agreement; and

WHEREAS, the Declarant plans to develop Phase I of an industrial park on the Land (the "Phase I Project"); and

WHEREAS, the City Council (the "Council") of the City and County of Honolulu (the "City"), pursuant to the provisions of the Land Use Ordinance ("LUO"), Revised Ordinances of Honolulu 1990 ("ROH") Section 21-2.80, as amended, relating to conditional zoning, is considering a change in zoning under the LUO of the Land from AG-1 Restricted Agricultural District to I-2 Intensive Industrial District with a 60-foot height limit (the "zone change"); and

WHEREAS, a public hearing regarding the change in zoning, Bill 71 (2009), was held by the Council on May 27, 2009; and

WHEREAS, the Council recommended by its Zoning Committee Report No. 204 that the said zone change be approved, subject to the following conditions contained in this Declaration to be made pursuant to the provisions of ROH Section 21-2.80, as amended, relating to conditional zoning, and to become effective on the effective date of the zoning ordinance approving the change of zoning (the "Rezoning Ordinance");

NOW THEREFORE, the Declarant hereby covenants and declares as follows:

1. The Declarant shall provide a 50-foot open space building setback along the length of the OR&L right-of-way (ROW) that abuts the Phase I project area. No development shall be permitted within the setback unless it is directly related to the operation of the railroad, or consistent with the use of the ROW for open space and bikeway purposes; provided, however, that parking shall be permitted within this 50-foot setback, except for the 15-foot

adjacent to the OR&L right-of-way; provided further that no overnight parking or storage will be permitted within this 50-foot setback.

2. The Declarant shall carry out the following requirements related to traffic and transportation improvements for the Phase I Project of the Ewa Industrial Project:
 - a. The Declarant shall prepare and receive approval for an updated Traffic Impact Analysis Report (TIAR) for the Phase I Project area prior to issuance of any building permit, provided that, said approval shall be limited to a determination of whether the updated TIAR provides an adequate discussion, analysis, and recommended mitigation measures, if any, based upon reasonably anticipated traffic impacts generated by the Phase I Project. The TIAR shall further refine and identify traffic impacts and associated mitigation measures directly attributable to vehicular rates being generated by the Phase I Project. The TIAR shall include but is not limited to a time line indicating when off-site roadway improvements will be necessary, including the widening of Geiger Road fronting the Phase I Project area, installation of new and modification of existing traffic signals and interconnect conduits, provisions for additional access points to the Phase I Project area, including access to Franklin D. Roosevelt Avenue, and other mitigation measures, as needed to support development of the Phase I project area. The Declarant shall consult with the Department of Planning and Permitting (DPP), Department of Transportation Services (DTS), and State Department of Transportation (DOT) prior to submitting the TIAR to the DPP for review and approval.
 - b. The Declarant shall prepare and receive approval for a Transportation Management Plan (TMP) prior to issuance of any building permit for the Phase I Project area. The TMP shall identify Traffic Demand Management (TDM) strategies to minimize the amount of vehicles being generated by this development, especially during the peak periods of traffic. The TDM strategies include but are not limited to ride sharing, transit incentives, provisions for pedestrian and bicycle connections to surrounding areas and other measures to reduce vehicular generation from the Phase I Project. Updates to the TMP

shall include a measure of effectiveness of the identified TDM strategies. The Declarant shall consult with the DPP, DTS, and DOT prior to submitting the TMP to the DPP for review and approval.

- c. The Declarant shall prepare and receive approval for a Phasing Plan and time line prior to the issuance of any building permit for the Phase I Project area. The Phasing Plan shall specify the anticipated schedule of constructing Phase I and II of the project. The time line shall indicate major milestones in this development when updates to the TIAR and TMP will be needed.
 - d. The Declarant shall prepare a Construction Management Plan (CMP) prior to the issuance of any grading or demolition permits as it relates to construction vehicles traveling and parking on public streets. The Declarant shall consult with the DPP, DTS, and DOT prior to submitting the CMP to the DPP for review and approval.
 - e. Adequate sight distance shall be provided and maintained for pedestrians and vehicles at all driveway and access locations onto any public street.
 - f. The Declarant shall provide documentation that coordination has taken place with adjacent developers to ensure that where deemed necessary for public safety, Phase I Project access points are aligned to the extent possible with adjacent developments.
3. The Declarant shall carry out the following requirements related to water improvements for Phase I Project:
- a. The Declarant shall upgrade the existing water main serving the Phase I Project along Geiger Road from 12-inches to 16-inches and install the necessary fire hydrants and other infrastructure to provide adequate fire protection for the project.
 - b. The Declarant shall develop the necessary on-site non-potable water system improvements to serve the Phase I Project and connections to the non-potable water system when the Board of Water Supply (“BWS”) extends the line to the Phase I Project. Improvements and

connections shall be completed within one (1) year of completion of the BWS line extension.

4. The Declarant shall inform all prospective purchasers or lessees in the Phase I Project of potential impacts, including but not limited to dust, aircraft noise and the future industrial-commercial mixed use complex south of Geiger Road.
5. The Declarant shall inform all prospective purchasers, lessees, or tenants of the Phase I Project of potential impacts from the Honouliuli Wastewater Treatment Plant ("WWTP"), including but not limited to odor, noise, and possible future expansion of the WWTP. The Declarant shall include, in all deeds and leases of such land or any portion thereof the following provisions in substantially the following form:

"The [Grantee/Tenant] acknowledges and understands that the Honouliuli Wastewater Treatment Plant (the "WWTP") is located immediately south and west of the Project, and that such WWTP may be expanded in the future and may create odor and noise problems on or in the vicinity of the Project. The [Grantee/Tenant] represents and warrants to the [Grantor/Landlord] that the [Grantee/Tenant], in the [Grantee/Tenant]'s sole discretion, has determined that the benefits of owning/leasing and enjoying the Project outweigh such detriments and risks. The [Grantee/Tenant], for himself; his heirs, personal representatives, successors and assigns, agrees to release any and all nuisance claims, present or future, against the City and County of Honolulu (the "City") arising out of odor and/or noise from the WWTP, and further covenants not to file any such claims against the City; provided that such release and covenant shall not apply to claims arising out of the gross negligence or willful misconduct of the City. This release and covenant is made for the specific benefit of; and shall be expressly enforceable by, the City."

Alternatively, the Declarant may incorporate different language in the deed or lease to effect the disclosure and release of claims against the City, provided that the revised language shall be approved in advance by the DPP, the Department of Environmental Services (ENV) and the Corporation Counsel.

6. Declarant agrees to the following conditions to meet the needs of the ENV to provide expansion areas for the Honouliuli Wastewater Treatment Plant (WWTP) and provide buffer areas on Declarant's property to minimize impacts from the WWTP operation on tenants and visitors to the proposed industrial park:
 - a. Prior to subdivision or building permit approval, whichever comes first, the Declarant and the ENV shall execute a signed agreement that permits the ENV to acquire a 25-foot strip of land along the east side of the WWTP property, except as needed to provide an access drive through the property from Geiger Road. Compensation for the 25-foot strip of land may be in the form of cash, wastewater system facilities charge credits, or a combination of both, as may be agreed upon by the Declarant and the ENV.
 - b. Prior to subdivision or building permit approval, whichever comes first, the Declarant and the ENV shall execute a signed agreement that permits the ENV to acquire a 25-foot strip of land along the north side of the WWTP property. This strip would include the existing easement in favor of the City and would widen to 35 feet as needed to ensure that the strip of land would include all of the City's existing easement. Compensation for the 25-foot to 35-foot strip of land may be in the form of cash, wastewater system facilities charge credits, or a combination of both, as may be agreed upon by the Declarant and the ENV.
 - c. Provide buffer space between the future industrial buildings and the WWTP boundary by locating access drives, parking and/or landscaping along this boundary. This buffer area will be 25 feet in width and utilized for parking, access drive, and/or landscaping. Declarant will provide a minimum 5-foot wide landscape strip within the 25-foot buffer area along the WWTP boundary planted with trees and/or a hedge providing a visual buffer at this boundary.
7. The Declarant acknowledges that approval of this zone change does not constitute compliance with other LUO or governmental agencies' requirements. They are subject to separate review and approval. The Declarant shall be responsible for ensuring that the final plans for the

proposed project approved under this permit comply with all applicable LUO and other governmental agencies' provisions and requirements.

8. On an annual basis, the Declarant shall submit a written status report to the DPP documenting its satisfaction and/or describing its progress toward complying with each condition of approval for this zone change. This status report shall be submitted to the DPP by December 31 of each year until such time as the DPP has determined that all conditions of approval have been satisfied. Failure to do so may result in delays in processing of further permits.
9. **Noncompliance With Any Conditions.** In the event of noncompliance with any of the conditions set forth herein, the Director of Planning and Permitting shall inform the Council and may seek civil enforcement or take appropriate action to terminate or stop the Phase I Project until applicable conditions are met, including but not limited to revoking any permits issued under this zoning and withholding issuance of other permits related to the Phase I Project. Noncompliance also may be grounds for the enactment of ordinances making further zone changes, including revocation of the underlying zoning, upon initiation by the proper parties in accordance with the Revised City Charter.

NOW, THEREFORE, the Declarant hereby makes the following additional Declarations:

As used herein, references to a specific City department or agency shall be deemed to include a reference to any successor department or agency.

That the conditions imposed herein are reasonably conceived to fulfill public service demands created by the requested change in zoning and are rationally related to the objective of preserving the public health, safety and general welfare and the further implementation of the General Plan of the City and County of Honolulu.

That the development of the Land shall conform to the aforesaid conditions with the understanding that, at the request of the Declarant and upon the satisfaction of the conditions set forth in this Unilateral Agreement, the DPP may

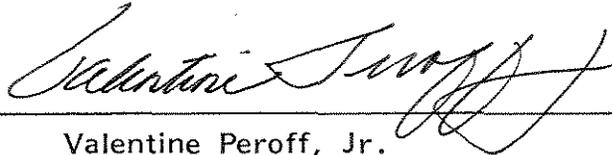

fully or partially release, as applicable, any of the foregoing conditions that have been fulfilled.

That if there are any conflicts between this Unilateral Agreement and any previous unilateral agreement(s) applicable to the Land, the terms and conditions of this Unilateral Agreement shall apply.

AND IT IS EXPRESSLY UNDERSTOOD AND AGREED that the conditions imposed in this Declaration shall run with the Land and shall bind and constitute notice to all the parties hereto and subsequent lessees, grantees, assignees, mortgagees, lienors, successors, and any other persons who have or claim to have an interest in the Land, and the City and County of Honolulu shall have the right to enforce this Declaration by rezoning, appropriate action at law or suit in equity against all such persons, provided that the Declarant or his successors and assigns may file a petition with the DPP for amendment or removal of any conditions or termination of this Declaration, such petition to be processed in the same manner as petitions for zone changes.

IN WITNESS WHEREOF, the party hereto has executed this Unilateral Agreement and Declaration for Conditional Zoning on the day and year first above written.

SECTION 10. General Provisos.

(a) As used in this Ordinance:

“Agency” includes any department, office, board, commission, or other governmental unit of the City and County of Honolulu, as the case may be.

“Charter” or “RCH” means the Revised Charter of Honolulu 1973, as amended.

“City” means the City and County of Honolulu.

“Council” means the Council of the City and County of Honolulu.

“Government” means the federal government, the State government, the government of any other state, any political subdivision of any state, or any quasi-governmental entity.

“ROH” means the Revised Ordinances of Honolulu 1990, as amended.

(b) Limited purpose monies. The City may receive monies whose use is specified or otherwise limited by the monies’ source from: (1) any governmental or quasi-governmental agency (2) any private source including monetary gifts whose use is specified by the donor or (3) any combination thereof. When such monies are received, the Director of Budget and Fiscal Services shall maintain special funds or accounts showing the monies so received and specifying the purposes for which they have been received and held.

All such monies specified in Sections 2 through 8 of this ordinance are appropriated in the amounts and for the purposes set forth, and all expenditures shall be made as provided by law. All other such monies not specified in Section 2 through 8 of this ordinance and which are limited purpose monies are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved as provided in subsection (d). Should revenues from this ordinance or from elsewhere exceed the amounts specified, the excess is hereby appropriated and may be expended in accordance with the provisions of the monies’ source and of this section; provided that: (1) the scope of the funded project shall not be increased unless approved in accordance with subsection (d); (2) the excess monies are reported to the Council; and (3) when the funded project is financed by both City and non-City funds and the revenues from a non-City fund source exceed the amount approved in this ordinance, the City fund appropriation shall be decreased by the amount of the excess revenues

A BILL FOR AN ORDINANCE

unless such decrease would jeopardize the receipt of the increased amount from the non-City fund source or the award of the contract.

The Director of Budget and Fiscal Services shall report to the Council no later than thirty days after June 30 detailing, for the capital budget fiscal year just ended, the amount of any excess monies received, and the function, program, and project to which the monies have been allotted for expenditure.

(c) Monetary gifts for unspecified purposes. The City may receive monetary gifts whose use is not specified or otherwise limited by the donor. All such monies are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved as provided in subsection (d).

(d) Subsection (b) monies received from grants or other agreements shall be subject to Council approval and shall be in accordance with Chapter 1, Article 8, ROH, if applicable. All other monies received pursuant to subsection (b) or (c), including appropriations or grants by the state government to the City, shall be subject to Council approval. Gifts shall be approved by the Council in accordance with Section 13-113 of the Charter and Council Resolution 05-349, CD1, FD1, or successor Council policy. The Council reserves the right to require any monies to be approved by an appropriate budget ordinance.

(e) Multi-purpose federal monies. Multi-purpose federal monies are monies from the United States of America, which are allocated by formula entitlements and may be expended for multiple purposes. Such monies include Community Development Block Grant monies, HOME Investment Partnerships Program monies, and monies via similar federal and state assistance programs, which Congress or the Legislature may enact from time to time.

No expenditure of such monies shall be made unless the Council has authorized such expenditure by the enactment of or an amendment to a budget ordinance appropriating such monies in accordance with applicable Charter provisions, ordinances and other legal requirements. If such monies are received prior to an enactment of or amendment to a budget ordinance, the Director of Budget and Fiscal Services shall maintain such monies in special accounts showing the monies so received and specifying the purposes for which they have been received and temporarily held. A bill for an ordinance appropriating such monies shall be submitted to the Council as soon as possible following the receipt of such monies.

(f) It is the Council's understanding that the City will be eligible to receive Community Development Block Grant funds and HOME Investment Partnership

A BILL FOR AN ORDINANCE

Program funds under the American Recovery and Reinvestment Act of 2009 ("Act"). Because funds under the Act are subject to a stringent and expedited timetable, the Council finds that the emergency nature of the federal funding under this Act requires the application of Section 13-122, Revised Charter of the City and County of Honolulu. Therefore, for funds received under the Act, the Council finds that the delay in program implementation incident to any reprogramming action, pursuant to certain Charter provisions involving Community Development Block Grant funds and/or HOME Investment Partnerships Program funds, or incident to any receipt of funds for these and via similar federal and state assistance programs, which Congress or the Legislature may enact from time to time, will jeopardize the availability and receipt of those funds. Accordingly, notwithstanding subsection 10(e) of this ordinance, for only those Community Development Block Grant funds and HOME Investment Partnerships Program funds to be received under the Act, pursuant to Section 13-122, RCH, the Council hereby waives Sections 3-204, 9-105 and 9-106, RCH, and authorizes all such reprogramming actions or receipt and expenditure of such funds in excess of the total amount appropriated by this ordinance to be taken by Council resolution.

(g) For the purposes of this subsection, "City funds" excludes pension or retirement funds, funds under the control of any independent board or commission, funds set aside for the redemption of bonds or the payment of interest thereon, park dedication funds, or private trust funds.

In the event there are monies in any City fund that, in the judgment of the Director of Budget and Fiscal Services, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where, in the judgment of the Director of Budget and Fiscal Services, such action will not impede the necessary or desirable financial operations of the City, the Director of Budget and Fiscal Services may make temporary transfers of loans to the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, the Solid Waste Improvement Bond Fund, and the Transit Improvement Bond Fund up to the total amount of the appropriations authorized herein which are specified to be financed from the sale of general obligation bonds, notes or revenue bonds and to be expended from such funds; provided that monies transferred or loaned shall be used only for appropriations herein which are specified to be financed from the sale of general obligation bonds, notes or revenue bonds and to be expended from the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, the Solid Waste Improvement Bond Fund, and the Transit Improvement Bond Fund. In all other cases, the Director of Budget and Fiscal Services may with the consent of the Council by resolution adopted on one reading and without publication, may make temporary transfers or loans therefrom without interest to other funds of the City.

A BILL FOR AN ORDINANCE

All transfers or loans under this section shall be reimbursed or repaid no later than twelve months from the date on which the transfers or loans were made, unless a later date is approved by the Council resolution adopted on one reading without publication. Interest may be charged if the monies originate from enterprise funds.

Within 14 days of the transfer or loan, the Director of Budget and Fiscal Services shall report to the Council on: (1) the amount of transfer or loan required; (2) the reason or justification for the transfer or loan; (3) the total amount outstanding and unreimbursed in temporary transfers and loans for the fiscal year after making the subject transfer or loan; and (4) the anticipated date of reimbursement or repayment. The Director of Budget and Fiscal Services shall notify the Council of the reimbursement or repayment of the temporary transfer or loan as soon as such reimbursement or repayment is made. Such notification shall identify the source of funding of the reimbursement or repayment of the temporary transfer or loan.

(h) At the close of the each quarter, the Director of Budget and Fiscal Services shall submit to the Council a Statement of Cash Receipts and Disbursements showing for each quarter for each individual fund the cash balance at the start of the accounting period, the cash receipts and disbursements during the period, and the cash balance at the end of the month.

(i) Amounts appropriated for expenditure from the Capital Projects Fund and Federal Grants Capital Projects Fund shall be transferred to these funds as allotments are approved by the Mayor from the funds specified in this ordinance as providing the source of funding.

(j) Any appropriation authorized in this ordinance or any amendment thereto shall be valid for the fiscal year 2010 and twelve months thereafter. Any part of such appropriation which is not expended or encumbered shall lapse on June 30, 2011.

(k) If any portion of this ordinance or the application thereof to any person or circumstance is held to be invalid for any reason, the Council hereby declares that the remainder of this ordinance and all other provisions thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objectives of such appropriation to the extent possible.

SECTION 11. The funds provided from the Project Adjustments Account may be expended to pay for any excess in contract price(s) or project cost when the contract

A BILL FOR AN ORDINANCE

price(s) or the project cost exceeds the City’s estimate for land acquisition, planning, design, construction, inspection, relocation and equipment. The City Council’s approval by resolution is required when the cumulative sum provided to a project from the Project Adjustment Account during a fiscal year exceeds either the lesser of \$100,000 or ten percent of the budgeted amount.

Whenever a project’s contract is executed for an amount less than the project’s appropriation, only that amount that is excess within that phase, shall be transferred to the Project Adjustments Account by the Director of Budget and Fiscal Services. The Director of Budget and Fiscal Services shall report all transactions to and/or from the account to the City Council within 30 days from the date the transfer was approved.

SECTION 12. Sewer Revenue Bonds.

For the capital improvements authorized in Section 5 hereof and designated to be financed from the proceeds of sewer revenue bonds, the Director of Budget and Fiscal Services is hereby authorized to issue sewer revenue bonds in such principal amount as shall be required to yield the amounts appropriated for each capital improvement, and, if so determined by the Director of Budget and Fiscal Services and approved in the resolution providing for the issuance of such sewer revenue bonds, such additional principal amount as may be deemed necessary by the Director of Budget and Fiscal Services to pay interest on such sewer revenue bonds during the estimated period of construction of the capital improvement for which such sewer revenue bonds are issued and for twelve months thereafter, to establish, maintain, or increase reserves for such sewer revenue bonds, and to pay all or any part of the expenses related to the issuance of such sewer revenue bonds. The aforesaid sewer revenue bonds shall be issued pursuant to Chapter 49, Hawaii Revised Statutes.

SECTION 13. Monies may be transferred to or from any project in the following programs to or from any project within the same function if the transfer is necessary to construct improvements to address unanticipated conditions that may affect the public’s health and safety, or to meet federal or state requirements. The Director of Budget and Fiscal Services shall report to the Council no later than thirty days after June 30 detailing, for the fiscal year just ended, all monies that were transferred pursuant to this section.

AUTHORIZING THE ISSUANCE AND SALE OF GENERAL OBLIGATION BONDS AND BOND ANTICIPATION NOTES OF THE CITY AND COUNTY OF HONOLULU IN A MAXIMUM PRINCIPAL AMOUNT EQUAL TO THE AGGREGATE OF THE AMOUNTS APPROPRIATED IN THE CAPITAL BUDGET ORDINANCE OF SAID CITY AND COUNTY FOR THE FISCAL YEAR ENDING JUNE 30, 2010, AND SPECIFIED IN SAID ORDINANCE TO BE FINANCED FROM THE PROCEEDS OF THE SALE OF SUCH BONDS AND TO BE EXPENDED FROM THE GENERAL IMPROVEMENT BOND FUND, THE HIGHWAY IMPROVEMENT BOND FUND, SOLID WASTE IMPROVEMENT BOND FUND, TRANSIT IMPROVEMENT BOND FUND, OR THE HOUSING DEVELOPMENT SPECIAL FUND.

BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF HONOLULU:

SECTION 1. General obligation bonds of the City and County of Honolulu (the "City and County") are hereby authorized for issuance and sale in a principal amount equal to the aggregate of the amounts appropriated in the Capital Budget Ordinance of the City and County of Honolulu for the fiscal year ending June 30, 2010, and specified in said Ordinance to be financed from the proceeds of the sale of such bonds and expended from the General Improvement Bond Fund, the Highway Improvement Bond Fund, Solid Waste Improvement Bond Fund, Transit Improvement Bond Fund, or the Housing Development Special Fund. Unless the Council of the City and County shall determine by resolution of one reading adopted prior to the sale of such bonds the form (including "book-entry"), date, denominations and maturities of such bonds, the place or places of payment of the principal of and interest on such bonds, the place or places of registration of such bonds, the times, prices and method of redemption of such bonds, and the basis of award of such bonds, the Director of Budget and Fiscal Services is hereby authorized to perform such actions as provided by Section 47-7, Hawaii Revised Statutes (HRS); provided, however, that the Council of the City and County shall, in any case, determine the principal amount of such bonds to be offered for sale from time to time by resolution of one reading adopted prior to such sale. Without any further authorization from or action by the Council of the City and County but subject to the provisions hereof and of applicable law, the Director of Budget and Fiscal Services is hereby authorized to offer the general obligation bonds authorized hereby at one time or from time to time, at competitive sale or at negotiated sale to qualified purchasers in accordance with Section 47-8, HRS, in each case at such price or prices and upon such terms and conditions as the Director shall approve and determine to be in the best interest of the City and County. A BILL FOR AN ORDINANCE

respect to the sale of any of the general obligation bonds authorized hereby, the Director of Budget and Fiscal Services is hereby authorized to retain bond counsel, paying agents, registrars and financial and accounting consultants, upon such terms and conditions as the Director shall deem advisable and in the best interest of the City and County, to select the date for such sale, to publish and distribute a Notice of Sale or to enter into a contract for the sale of such general obligation bonds, in each case in such form and containing such terms and conditions as the Director shall approve and deem advisable, to distribute an Official Statement and such other information relating to such general obligation bonds as the Director may deem advisable, to receive bids for the sale of such general obligation bonds or the portion thereof being offered and to award the sale thereof being offered to the bidder offering the lowest interest cost therefor, in accordance with the applicable Notice of Sale, if any; provided that the Director of Budget and Fiscal Services may reserve the right to reject any and all bids. Subject to the provisions hereof and applicable law, without further action of the Council of the City and County, the general obligation bonds authorized hereby or any portion thereof shall bear interest at the rates per annum as specified in the contract or contracts approved or in the bid or bids accepted. The Director of Budget and Fiscal Services and all officials of the City and County are hereby authorized to take such action and execute such orders, receipts and other documents as may be necessary in order to effectuate the sale of the general obligation bonds authorized hereby or any portion thereof, and, if any contract therefor be approved or any bid therefor be accepted, the preparation, execution and delivery thereof, in accordance with the provisions hereof and applicable law. In connection with, and at any time before or after the issuance of, such bonds, the Director may arrange for any insurance or banking arrangements as the Director may deem necessary or desirable, including, without limitation, credit or liquidity support facilities and interest rate swaps, swaptions, floors or caps and other similar contracts to hedge or reduce interest rate or similar risk or the cost of borrowing when used in conjunction with bonds.

SECTION 2. The proceeds of the bonds herein authorized shall only be used to pay all of or part of those appropriations for public improvements of the City and County made in the aforesaid Capital Budget Ordinance and specified therein to be financed from the proceeds of general obligation bonds and to be expended from the General Improvement Bond Fund, the Highway Improvement Bond Fund, Solid Waste Improvement Bond Fund, Transit Improvement Bond Fund, or the Housing Development Special Fund.

A BILL FOR AN ORDINANCE

SECTION 3. A portion of the bonds authorized hereby are bonds which shall be issued for public undertakings from which revenues are derived, to wit: for the development of housing by the City and County for sale or for rental by the City and County, respectively, and for which the interest and principal payments on said bonds shall be a charge upon and paid from the General Fund of the City and County of Honolulu; provided, however, that the Director of Budget and Fiscal Services shall reimburse the General Fund for the payment of the principal of and interest on bonds, the proceeds of which have been expended from the Housing Development Special Fund as provided in Chapter 6, Article 46, Revised Ordinances of Honolulu 1990, as amended, from revenues derived from the sale or rental of housing developed from moneys on deposit in the Housing Development Special Fund.

SECTION 4. Pursuant to Section 47-16, HRS, the Director of Budget and Fiscal Services is hereby authorized to issue and sell general obligation bond anticipation notes in anticipation of the issuance of all or any portion of the bonds authorized hereby. The notes authorized hereby may be sold at one time or in part from time to time in such principal amounts as the Director of Budget and Fiscal Services shall determine to be in the best interest of the City and County; provided, however, that the Council of the City and County shall determine the principal amount of such notes to be offered for sale from time to time by resolution of one reading adopted prior to such sale. Nothing herein shall prohibit the contemporaneous issuance and sale of general obligation bonds and notes.

SECTION 5. The City and County of Honolulu shall comply with all applicable provisions of Sections 103 and 141-150 of the Internal Revenue Code of 1986, as amended, and applicable regulations of the Internal Revenue Service proposed or promulgated thereunder in the issuance of the bonds and notes authorized hereby and the application of the proceeds thereof.
