 29
 30 **A.1 COMMUNITY GROWTH BOUNDARY**
 31
 32 The Community Growth Boundary (CGB) is intended to define and contain the
 33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
 34 communities. Its purpose is to provide an adequate supply of land to support the
 35 region's established suburban and rural communities while protecting lands
 36 outside the boundary for agricultural and open space preservation values. Areas
 37 within the CGB are generally characterized by significant tracts of residential,
 38 commercial, industrial or mixed-use development, and smaller, more dispersed,
 39 less intensively developed residential communities and towns areas that are
 40 clearly distinguishable from the unbuild or more "natural" portions of the region.
 41 Each generation should re-evaluate the relevance of the boundary in light of their
 42 own time.
 43
 44 From north to south, the Ko'olau Poko CGB generally circumscribes the
 45 residential district of Waikāne, the residential, business, and industrial districts of

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43

31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix
A-1

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Ahuimanu. The CGB should include 7.591 acres of a
3 property in 'Ahuimanu (TMK 4-7-046: 006) located within the State Land Use
4 Urban District to allow for rezoning from Agricultural district to Country district, for
5 the development of approximately six residential lots. The remainder of the
6 parcel (approximately 2.5 acres) would remain in the State Conservation District.
7
8 In Kāne'ohe, the CGB begins at the southern end of He'eia Fishpond and follows
9 the residential district towards Kahekili Highway, and encompasses almost all of
10 the country district lots of the Ha'ikū Plantation. Thereafter, the CGB follows the

27
28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix
A-1

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Ahuimanu. The CGB should include 7.591 acres of a
3 property in 'Ahuimanu (TMK 4-7-046: 006) located within the State Land Use
4 Urban District to allow for rezoning from Agricultural district to Country district, for
5 the development of approximately six residential lots. The remainder of the
6 parcel (approximately 2.5 acres) would remain in the State Conservation District.
7
8 In Kāne'ohe, the CGB begins at the southern end of He'eia Fishpond and follows
9 the residential district towards Kahekili Highway, and encompasses almost all of
10 the country district lots of the Ha'ikū Plantation. Thereafter, the CGB follows the

27
28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

To The City and County of Honolulu Transportation and Planning Committee: Chair Ikaika Anderson, Vice Chair Kymberly Marcos Pine, Ann Kobayashi, Carol Fukunaga, Brandon Elefante, and Joey Manahan,

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

 29
 30 **A.1 COMMUNITY GROWTH BOUNDARY**
 31
 32 The Community Growth Boundary (CGB) is intended to define and contain the
 33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
 34 communities. Its purpose is to provide an adequate supply of land to support the
 35 region's established suburban and rural communities while protecting lands
 36 outside the boundary for agricultural and open space preservation values. Areas
 37 within the CGB are generally characterized by significant tracts of residential,
 38 commercial, industrial or mixed-use development, and smaller, more dispersed,
 39 less intensively developed residential communities and towns areas that are
 40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
 41 Each generation should re-evaluate the relevance of the boundary in light of their
 42 own time.
 43
 44 From north to south, the Ko'olau Poko CGB generally circumscribes the

30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuild or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikane, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix
A-1

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Ahuimanu. The CGB should include 7.591 acres of a
3 property in 'Ahuimanu (TMK 4-7-046: 006) located within the State Land Use
4 Urban District to allow for rezoning from Agricultural district to Country district, for
5 the development of approximately six residential lots. The remainder of the
6 parcel (approximately 2.5 acres) would remain in the State Conservation District.
7
8 In Kane'ohe, the CGB begins at the southern end of He'eia Fishpond and follows
9 the residential district towards Kahekili Highway, and encompasses almost all of
10 the country district lots of the Ha'ikū Plantation. Thereafter, the CGB follows the

28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuild or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

27
28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuild or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikane, the residential, business, and industrial districts of

31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuild or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix
A-1

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Āhuimanu. The CGB should include 7.591 acres of a
3 property in 'Āhuimanu (TMK 4-7-046: 006) located within the State Land Use
4 Urban District to allow for rezoning from Agricultural district to Country district, for
5 the development of approximately six residential lots. The remainder of the
6 parcel (approximately 2.5 acres) would remain in the State Conservation District.
7
8 In Kāne'ohe, the CGB begins at the southern end of He'eia Fishpond and follows
9 the residential district towards Kahekili Highway, and encompasses almost all of
10 the country district lots of the Ha'ikū Plantation. Thereafter, the CGB follows the

29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuild or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix
A-1

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Ahuimanu. The CGB should include 7.591 acres of a
3 property in 'Ahuimanu (TMK 4-7-046: 006) located within the State Land Use
4 Urban District to allow for rezoning from Agricultural district to Country district, for
5 the development of approximately six residential lots. The remainder of the
6 parcel (approximately 2.5 acres) would remain in the State Conservation District.
7
8 In Kāne'ohe, the CGB begins at the southern end of He'eia Fishpond and follows
9 the residential district towards Kahekili Highway, and encompasses almost all of
10 the country district lots of the Ha'ikū Plantation. Thereafter, the CGB follows the

27
28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan Appendix
A-1

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Ahuimanu. The CGB should include 7.591 acres of a
3 property in 'Ahuimanu (TMK 4-7-046: 006) located within the State Land Use
4 Urban District to allow for rezoning from Agricultural district to Country district, for
5 the development of approximately six residential lots. The remainder of the
6 parcel (approximately 2.5 acres) would remain in the State Conservation District.
7
8 In Kāne'ohe, the CGB begins at the southern end of He'eia Fishpond and follows
9 the residential district towards Kahekili Highway, and encompasses almost all of
10 the country district lots of the Ha'ikū Plantation. Thereafter, the CGB follows the

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

27
28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikane, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan

Date: 29, March 2017

ph#: 808-224-1847

To The City and County of Honolulu Transportation and Planning Committee: Chair Ikaika Anderson, Vice Chair Kymberly Marcos Pine, Ann Kobayashi, Carol Fukunaga, Brandon Elefante, and Joey Manahan,

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

Attached is the screen capture of Page 163, out of 171 pages. Start at the top of the page, from the second line and continue reading down. (Appendix A.1)

27
28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

"The CGB should include 7.591 acres of a property in Ahuimanu (TMK 4-7-046: 006) located within the State Land Use Urban District to allow for rezoning from Agricultural district to Country district, for the development of approximately six residential lots. The remainder of the parcel (approximately 2.5 acres) would remain in the State Conservation District."

28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuilt or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

Ko'olau Poko Sustainable Communities Plan

To The City and County of Honolulu Transportation and Planning Committee: Chair Ikaika Anderson, Vice Chair Kymberly Marcos Pine, Ann Kobayashi, Carol Fukunaga, Brandon Elefante, and Joey Manahan,

Subject: Bill 57 Ko'olaupoko Sustainable Community Plan, DeReis Amendment language

I oppose the DeReis Amendment which extends the urban growth boundary (CGB) into Kahalu'u agricultural lands. Development of this parcel destroys the ahupua'a and the agricultural ili from the top of the mountain to the bottom of the mountain.

Bill 57 includes the amendment and is called - "REPLACEMENT SHEET". Please delete this language from page 163 of Bill 57 (Appendix A.1)

28 A brief explanation of the terms used in each of these maps follows.
29
30 **A.1 COMMUNITY GROWTH BOUNDARY**
31
32 The Community Growth Boundary (CGB) is intended to define and contain the
33 extent of developed or "built" areas of Ko'olau Poko's urban fringe and rural
34 communities. Its purpose is to provide an adequate supply of land to support the
35 region's established suburban and rural communities while protecting lands
36 outside the boundary for agricultural and open space preservation values. Areas
37 within the CGB are generally characterized by significant tracts of residential,
38 commercial, industrial or mixed-use development, and smaller, more dispersed,
39 less intensively developed residential communities and towns areas that are
40 clearly distinguishable from the unbuild or more "natural" portions of the region.
41 Each generation should re-evaluate the relevance of the boundary in light of their
42 own time.
43
44 From north to south, the Ko'olau Poko CGB generally circumscribes the
45 residential district of Waikāne, the residential, business, and industrial districts of

1 Waiahole and Waihee; and the residential, low-density apartment and business
2 districts of Kahalu'u and 'Ahuimanu. The CGB should include 7.591 acres of a
